

# Creative Product Development for the National Institute of Corrections

Project Title	Creative Product Development for the National Institute of Corrections
Project Summary	Create professional products for NIC, including but not limited to: professionally designed documents, brochures, post-production of short videos, podcasts, and photos/graphics for the website.
Country	United States

## Project Description

NIC is looking for an intern to support the development of professional products for NIC, including but not limited to: professionally designed documents, marketing brochures, post-production of short videos, podcasts, and photos/graphics for the website. The candidate will also take professional photos of various aspects of correctional settings. This will include traveling to local community corrections agencies, jails, and prisons with NIC staff. The candidate must be skilled in using the Adobe Creative Cloud suite (Adobe After Effects, Adobe Audition, Adobe Illustrator, Photoshop, etc.) or comparable software. The candidate must provide this software and equipment for use on these projects.
